## **Delaware County Health Department Unveils “Wellness on Wheels” (W.O.W) Mobile Health Unit with Ribbon-Cutting Ceremony**

**GLENOLDEN, PA** – The Delaware County Health Department (DCHD) will officially unveil its new **Wellness on Wheels Mobile Health Unit** with a ribbon-cutting ceremony on **Friday, June 5, 2026, from 11:00 a.m. to 2:00 p.m. at 767 Beech Avenue, Glenolden, PA 19036.**

The event will include tours of the mobile unit as well as opportunities for the public to learn more about the services DCHD provides in Delaware County. In addition, the event will feature remarks at 11:30 am from Richard Womack, Chair, Delaware County Council, Rosemarie Halt, Chair, Delaware County Board of Health, and Lora Siegmann Werner, DCHD Director.

Wellness on Wheels (W.O.W) represents a significant investment in expanding access to public health services and bringing care directly into neighborhoods across Delaware County. The unit is designed to improve health equity by reaching residents where they live, work, learn, and gather, particularly individuals who may face barriers to accessing traditional healthcare settings.

W.O.W will support a variety of public health initiatives, including health screenings, vaccination and prevention efforts, chronic disease education, community outreach, health navigation services, and other programs aimed at improving the health and well-being of Delaware County residents.

“Public health works best when it meets people where they are,” said DCHD Director Lora Siegmann Werner. “The Wellness on Wheels Mobile Health Unit allows us to bring vital services directly into communities, strengthen connections with residents, and ensure that more people have access to the resources they need to live healthier lives.”

Community members, elected officials, healthcare partners, and members of the media are invited to attend the ribbon-cutting ceremony and tour the new mobile health unit.
